

Sale of CAMMEYER SHOES

Our Annual January Clearance Sale

A Sale of Superlative Importance to Men & Women

This sale is of Superlative Importance to men and women who appreciate the opportunity of buying dependable, long-wearing and stylish shoes at next-to-nothing prices. This is the time of the year when "The Store of a Thousand Styles" disposes of its surplus stock, so as to clear the way for Spring models.

Why This Sale Is DIFFERENT:

1. Because the reductions are real, genuine—and very big.
2. Because nothing has been bought for sale purposes.
3. Because every pair is from our regular stock with our regular guarantee.
4. Because, although the sizes are incomplete, the selection of styles and sizes is very large and satisfactory, since the surplus stock of the World's Largest Shoe Store is larger than ordinary stores carry at mid-season.

HERE ARE GAS RULES FOR HOUSEHOLDERS; GUIDES FOR SAFETY

Brooklyn Examiner Submits
Them as Coroner Holds In-
quest Into Many Deaths.

The following suggestions for the guidance of users of illuminating gas were submitted to Coroner Senior to-day by W. R. Birdsey, gas examiner of the Board of Water Supply, Gas and Electricity:

Mothers Make This Home Made Cough Syrup

The good, tender, thoughtful mother can make a full pint of the quickest acting, permanent result giving cough syrup which can be used by the whole family for coughs and colds, thus preventing pneumonia, sore throat, diphtheria and other fatal maladies. Just obtain a concentrated fluid known as essence Menthol-Lavene—a 2 1/2 oz. bottle, and empty it into a pint jar or bottle. Then take a pint of granulated sugar and pour over it a half pint of boiling water; stir, cool and fill up the bottle with the syrup. Full directions for making and using are contained on each package. All good druggists sell it, or it can readily be obtained of their wholesaler. Thousands of families are using this because of its cheapness and thoroughness. It contains no poisons or opiates.

main burning.
"Never allow a gas jet to be lighted near an open window."
"Notify the gas company instantly if there is a smell of leaking gas."
"Examine connecting flexible tubes frequently to be sure they are not drying up, cracking or deteriorating."
"Never allow children to light the gas."
"Never use the gas fixtures for racks for clothing."
Mr. Birdsey also recommended legislation permitting the gas company to shut off a meter when a leak was discovered. The company is limited now to the privilege of notifying a householder where he leak is and has no authority to stop the supply until repairs are made.
Coroner Senior is holding a combined inquest on the deaths of twenty-eight persons killed by gas in Kings County in the first twenty-two days of December.
Chief Clerk Coffey of the Coroner's Office said that from Jan. 1 to Oct. 31, 1915, 205 persons had died of gas in Brooklyn, 180 by suicide, 5 by homicide committed by persons committing suicide and 50 by accident. Other witnesses were called to prove that the present system of manufacturing water gas produces a more dangerous compound than that made by the old method. Senator Gilchrist, sitting with the Coroner, suggested that sufficient attention had not been paid to the possibility of eliminating poisons to a certain degree from gas.

CUMMINGS HEAD KEEPER.

City Prison Employee Managed Campaign Mitchell's Grandfather.
Michael Cummings, who was campaign manager for Mayor Mitchell's grandfather at the time he was a candidate for membership in the British House of Commons, to-day received an increase in salary from \$1,200 to \$1,380. Cummings is a keeper in the City Prison. His new salary carries the title of head keeper with it.
Other promotions to head-keeper follow: Keeper Frederick L. Morehead, assigned to New York City Reformatory, salary \$1,500; Keeper James P. Mc-

Dormont, assigned to the Workhouse, salary \$1,280; Keeper Daniel F. Sheehan, assigned to Rikers Island B. arch Workhouse, salary \$1,280; Keeper Martin McDonnell, assigned to Fourth District Prison, salary \$1,380.

LADIES! SECRET TO DARKEN GRAY HAIR

Bring Back Its Color and
Lustre With Grandma's
Sage Tea Recipe.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.
While wispy, gray, faded hair is not sinful we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—Advt
